

The press-release. Firstly in Ukraine, PrioCom is the owner of the most prestigious certification Cisco CCIE®-Voice.

The Company **PrioCom** has expanded its examination in the field of construction of corporate networks based on voice decision Cisco Systems. Just its expert is the first holder of the status Cisco Certified Internetwork Expert (CCIE) Voice, the most prestigious and recognized whole the world.

The status **CCIE®-Voice** this is the highest level preparation of the expert, which adjusts and supports of voice decisions over IP-networks, which is capable to understand and examine nuance of telecommunication decisions, to avoid "reefs" in whole constituents of project that is constructed on Cisco Systems equipments.

Today in Ukraine there are 18 certificated experts under program CCIE, and three of them work in Company PrioCom: two CCIE - Routing and Switching, and one – the only in Ukraine – CCIE-Voice.

Received expertises PrioCom actively and successfully confirms in practice. Among the realized projects are well known construction of corporate multiservice IP-Network for Utel and Raiffeisenbank Ukraine; building of convergent network for transfer of voice, data and video for representative office of Vneshtorgbank in Ukraine; corporate IP-telephone network in State Savings Bank of Ukraine; building of a Contact Center in Raiffeisenbank Ukraine; and introduction of system of audio-conferences in State Savings Bank of Ukraine.

Developed by Cisco Systems program CCIE is intended for Company-leader wishing to reach a level of the expert in the world of networks technologies, which are in process constant self-improvement, professional growth and aspiring to be unlike other Company. According data Cisco Systems, for more than 10-years term of the existence the CCIE program, only 3% of the specialist who overcome the «base level», received this certification. Unlike other certifications, the passing CCIE examinations consist both from theoretical, and of a practical part in specially equipped testing centre. Application of knowledge in practice defines success at reception of certificate CCIE.
